GUIDELINES

FOR DECORATING YOUR TREE

THE RULES: BE CREATIVE!
HAVE FUN!

- ◆ The Chamber will provide each decorator with one live Christmas tree and electricity. (Trees are approximately 6-7' tall.)
- ◆ Decorators must provide their own decorations & lighting. Only tree decorations will be permitted. There is no room for decorations surrounding the tree.
- ◆ We recommend that all decorations be firmly attached to branches using twine, wire, or small Zip Ties to ensure decorations are not easily removed by wind or rain.
- ◆ Please bring a ladder or stepping stool for decorating.
- ◆ Decorators must provide one 10' outdoor-rated extension cord.
- ◆ When you arrive to decorate your tree, please check in with a Chamber representative. They'll assign a tree to you. See below for lighting specifications.
- ◆ We will notify the local Sheriff's office of the need for added security during the display.
- ◆ Please, no offensive or inappropriate décor. We reserve the right to remove displays for any reason. Any items removed will be returned to the sponsors.

LIGHTING SPECIFICS

- ◆ Decorators must use LED lights only. We reserve the right to remove any lights that are not LED.
- ◆ We recommend the use of lights typically used for outdoor decorations.
- ◆ Please plan for at least 4-5 strings of LED lights per tree.

DECORATING TIMES

- ◆ Opening Night is Friday, December 1st at 6 pm
Decorating times and sign-up sheets TBD.
